Liverpool Nautical Research Society

Founded May 1938

An Index of Papers, Articles, Talks, and Other Items of Maritime Interest Published in the Society's Publications A Guide To The Index - 1938 -2019

When an article's title features the name of a ship, the name of the ship is given precedence in the entry and is presented in upper-case bold lettering. If a ship is featured as the subject of an article but its name is not in the title, the name is listed separately as a cross-reference to the title of the article. The title of an article on the cover of some early issues may vary from the actual heading of the article itself - the actual article heading is used in this index.

The Society's Publications:

- 'Original' refers to one of the first fifteen papers presented to the Society. They are to be found as a single bound volume. Copies of papers No. 6 15 inclusive are also available as a bound volume entitled 'LNRS Papers: 1942 1944'
- 'The Bulletin' is the current regular quarterly publication of the Society
- 'N.N.Q.' (Notes, News and Queries) was the predecessor of 'The Bulletin'
- "Transactions" was published in various editions up to 1971 (along with 'N.N.Q.' from 1951)

The Society's Special Edition Publications are:

- *'Transactions'* in a bound volume containing fourteen papers covering the years 1955 1961 was issued in April 1963 to mark the twenty-fifth anniversary of the Society's founding
- 'A Merseyside Maritime History, 1938 1988' (Jubilee Edition)
- 'A Second Merseyside Maritime History' (Summer 1991)
- '60 Years of The Liverpool Nautical Research Society, 1938 -1998' (Jubilee Edition)
- 'Merseyside Maritime Research' (70th Anniversary Edition)
- Special 75th Anniversary Edition
- 80th Anniversary Commemoration: 1938-2018 (in four quarterly parts: March-December, 2018

The 'Original' papers, the 'Transactions', and the 'Special Edition' publications of the Society will contain the fullest details of their subject articles, as will feature articles published in 'The Bulletin'. Papers and talks presented at the Society's meetings are reported in 'The Bulletin' (and were so in 'N.N.Q'.), but the amount of detail recorded of them will be found to vary.

This Index is not claimed to be exhaustive and many other small items of interest, too numerous to list, will be found in both '*N.N.Q.*', '*The Bulletin*', and special edition issues. Apologies are offered for any omissions, or errors contained herein.
